### REMARKS

The present Amendment After Allowance is being filed to effectuate Applicants' previous change in the title. In particular, in Applicants' Amendment of April 1, 2005, Applicants changed to the title of the present application to:

-- INTEGRATED CIRCUIT FIELD EFFECT TRANSISTORS INCLUDING  
CHANNEL-CONTAINING FIN HAVING REGIONS OF HIGH AND LOW  
DOPING CONCENTRATIONS --.

Unfortunately, the Notice of Allowance does not reflect this change in the title. Accordingly, Applicants respectfully request the title be changed pursuant to the present Amendment, and that the issued patent reflect the correct title.

Respectfully submitted,

Mitchell S. Bigel  
Registration No. 29,614  
Attorney for Applicants
